The immigration for the month of May was pretty lively, the number of immigrants arriving reaching 106,791.

Money statisticians say that the world's supply of gold money has increased from $4,000,000,000 in 1891 to $5,000,000,000 in 1901. But mighty little of the increase has come our way.

When those twenty thousand people who have squatted and built a town on the inside of that extinct volcano in Japan learn how Mont Pelee waked up and is performing perhaps some of them will move out.

The Scotland Yard detectives have been imitating the Russian police, who discover conspiracies when time hangs heavy on their hands. This may account for the discovery of the conspiracy to break up the coronation show by assassinating King Edward.

Englishmen are not only the champion beef eaters of Europe but also the champion butter eaters. They get away with 13 pounds per capita, while the Germans content themselves with 8, the French with 4 and the Russians with 2. But the Russians make up on tallow and petroleum.

The Filipinos are divided into three races; the Malayan with 47 tribes, the Negrito with 21 and the Indonesian with 16, making 84, each one of which has a lingo of its own, and they haven't any more use for English than they have for Amsterdam Dutch.

A London dispatch says Lawanike, King of Barotesland, Africa, who came to see Edward through his coronation, is doing London right. Every day he goes sightseeing "attired in a silk hat, frock coat and patent leather shoes." That isn't far ahead of the Georgia uniform.

There is trouble in the Thirty-fifth Assembly district of New York. One candidate denounced his competitor as a "schwerfælliger denker," and his friends are up in arms and denounce the other fellow as a slanderer who carries ice water instead of blood in his veins. And the war has just begun.

As "music hath charms to soothe the savage breast," so has the low, soft, sweet voice of a woman. A rich man recently called up the "hello" girl in the central office in San Francisco. Her sweet, gentle tones charmed his ear, he sought her acquaintance, and finding the young lady in accord with her dulcet tones he went to courting right away. Result, marriage, resignation of the "hello" job, and now they are going on a bridal jaunt to Yurup.

RATE INSURANCE WARFARE HAS BEGUN IN THE STATE.

Charlotte Loan and Trust Company Severs Connection With S. E. Tariff Association—Sticks to Independents.

[*Charlotte Observer*, 21st.]

The real warfare between the Southeastern Tariff Association and the independent insurance companies of Greensboro began in this city yesterday morning when the Southern Real Estate, Loan & Trust Company was told that it must refuse to handle the business of the Greensboro companies or give up the companies that belong to the association. The Trust Company announced at 11 o'clock, through Mr. P. M. Brown, its president, that it would continue to represent the Greensboro companies, and thereupon severed its connection with the Southeastern Tariff Association.

The fight has long been brewing. More than two months ago the Tariff Association announced that owing to excessive losses it would advance insurance rates—on a majority of risks—25 per cent.

In discussing the matter with an *Observer* reporter yesterday one of the officers of the Southern Real Estate, Loan & Trust Company said:

"The fight that has begun here will be kept up and waged against the Greensboro companies in other parts of the country. The various policy holders in the Greensboro companies have already signed an agreement to stand by the companies in case war comes. They have signed a contract to retain the insurance which they now hold and not to accept orders that will cripple the Greensboro companies."

LOCAL DOTS.

Says He Was "Hilt Up."

Roy Singleton, a negro employed at the Navassa guano factory, reported yesterday that he was "held up" about 2 o'clock the same morning near Seventeenth and Market streets, in which vicinity he had been visiting. He broke loose from his assailants and fled to the city. Singleton came out of the fracas unhurt, financially or bodily, but badly scared.

Mr. and Mrs. McKay Bereaved.

Friends in the city will sympathize deeply with Mr. and Mrs. M. McKay in the death of their infant child, aged only a few months, which occurred yesterday afternoon at 4 o'clock at the family home at the Marine Hospital, where Mr. McKay is steward. The funeral will be conducted this afternoon and the remains laid to rest in Oakdale cemetery.

GEORGIANS ARE HERE

Excursion Trains from Atlanta Yesterday Evening Brought Seven Hundred People.

THEY WILL RETURN MONDAY.

Complimentary Ball Last Night at Seashore in Honor of Visitors—Travelling Passenger Agents of Seaboard With the Party.

Perhaps, not before in several years has Wilmington and her beaches had the pleasure of entertaining so large and so distinguished a party of excursionists as that which arrived on the first section of a special train from Atlanta, the Gate City of the South, over the Seaboard Air Line yesterday at 12:10 o'clock. The train consisted of five Pullmans, three day coaches and one baggage car and the party numbered something over 300.

The excursionists left Atlanta at 6 o'clock Friday evening and the trip behind one of the Seaboard's largest locomotives was a delightful one, indeed. The train was transferred at Hilton to the tracks of the Consolidated Railways, Light and Power Company and most of the excursionists were taken through to Wrightsville, where they became guests of the Seashore Hotel.

Travelling Passenger Agent W. H. Fulton of the S. A. L., made all arrangements for the comfort and pleasure of the excursionists. Mr. Fulton was well qualified to do this, as he has made two previous trips to Wrightsville this season with a committee from the Fifth Georgia regiment, which has since decided to hold its encampment there and has asked Mr. Fulton to accompany them. Mr. Fulton and Travelling Passenger Agent Clements are both in charge of the excursion.

Among the excursionists is a large number of ladies from the Masonic fraternity, who are, taking the trip with much pleasure.

The second section of the same train yesterday which arrived at 1.10 P. M., brought about 400 colored excursionists from Atlanta and they, too, are enjoying their stay among us.

They were very much in evidence on the streets yesterday and were quiet and orderly. Many of them will go on the colored excursions on the steamer *Wilmington* to Carolina Beach to-morrow morning, while many others will remain in the city for a baseball game with a local nine at Hilton Park to morrow afternoon.

In honor of the Atlanta visitors Manager Hinton gave a magnificent complimentary ball last night at the Seashore Hotel, which was participated in by over a hundred couples, including many young people from Wilmington, the sound and beach. Delightful music was discoursed by the Carolina Orchestra and all had a most enjoyable time. A late train from the beach brought a large number of "home people" back to the city.

Both the white and colored excursions will return to Atlanta Monday evening. The section conveying the colored people will leave the Seaboard station in Wilmington at 6 P. M. and at the same hour the section carrying the white party will leave the beach. The train from Wrightsville will stop at Tenth and Market streets to allow excursionists in the city to board the cars.

It is learned that the excursions yesterday are two of a number that the Seaboard Air Line will bring to Wrightsville during this Summer.

On the Water To-day.

The steamer *Wilmington* will make two round trips to Southport to-day, leaving at 9:30 A. M., and 3:30 P. M., thus affording a delightful four or eight hours of ocean breeze to all who care to take the trip. There will also be a 7:45 P. M. boat to the pier and return for all who desire to remain at Carolina Beach for supper. The Southport boats will touch at the pier both going and coming.

Another Excursion Coming.

The Pritchard Memorial Baptist Sunday school will run an excursion to Wilmington on July 15th, leaving Charlotte at 6:30 A. M., and returning the next evening at 9 or 10 o'clock. Side trips will be arranged for the excursionists to visit Wrightsville, Carolina Beach and Southport. The fare for the round trip is $2.50.

"The Millenial Dawn."

Mr. B. H. Barton, of Philadelphia, is expected in the city this morning and will begin a series of Millenial discourses in the Fifth Ward hook and ladder hall, Fifth near Castle streets. Mr. Barton will be the guest of Mr. J. M. Ferreido, No. 605 Surry street, while in the city.

Revival at Greenville Sound.

A glorious revival which has been going on some time at Greenville Sound with services by Rev. J. J. Payseur will come to a close to-day. There were 25 professions and 13 were received for baptism. The baptismal service will be observed this morning at 9:30 o'clock at Pearsall's Landing.

On account of the Fourth of July holiday, excursion tickets via Atlantic Coast Line will be sold between all points east of the Mississippi river and South of the Ohio and Potomac rivers, including Washington, D. C., at one and one-third fare. Tickets are on sale July 2nd, 3rd and 4th and final limit July 8th, 1902. †

WILMINGTON AT BENNETTSVILLE.

The Amateur Team and South Carolina Management Did Not Get Along.

The team of Wilmington amateurs which visited Bennettsville last week to engage a team of that town on the baseball diamond, got home yesterday and complain bitterly of the treatment they received by the South Carolina sports. An advance guard of the local team got home Friday, but all did not reach here until yesterday.

The game Tuesday resulted in a score of 12 to 1 for Bennettsville and the Wilmington boys say that the South Carolina manager after the contest arbitrarily cancelled the other two games and left them without their guarantee money upon which they expected to return home. The Bennettsville manager claimed that the Wilmington team was not what he expected and as had been represented to him. The locals remained pluckily in Bennettsville for three days, went out to the grounds each day according to contract and have instituted legal proceedings, they say, to recover their share of the gate receipts.

The Wilmington boys say many of the best people of Bennettsville are with them in their contention and support the statement by the following letter from Mr. Julius T. Dudley, a prominent lawyer of Bennettsville, to Manager W. C. Galloway, Jr., of the team:

"DEAR SIR:—I regret exceedingly the action of the Bennettsville Baseball team toward you. You have carried out your part of the contract to the letter and in my opinion they have laid themselves liable for damages. Your conduct has been gentlemanly in every sense and I am glad to say that the action of the Bennettsville B. B. team does not meet with the approval of many of our substantial citizens. This is given you to enable you to satisfy your home people that you have complied with your contract and the attitude of Bennettsville is caused by no fault of yours. I regret the occurrence greatly. Very truly yours, JULIUS T. DUDLEY."

SCHOOL OF GERMAN CARP.

They Were Caught in Abundance from City Docks Yesterday—Some Theories.

Numbers of German carp were caught with hook and line along the river front yesterday morning, some of them measuring from 12 to 18 inches in length and selling readily at 10 cents each. Heretofore the few fishermen who delighted to sit around the docks down town and indulge in their favorite pastime were rewarded only by landing an occasional cat-fish, hence the news that good big carp were biting in the various docks brought large numbers of amateur anglers to the river front, with more or less success. It is estimated that about 300 fine carp were caught during the day and the veteran piscatorialists up-street were "put to it" to explain the phenomenon. Some said the catch was due to a stock of small carp placed in the river years ago, but the most plausible theory and one advanced by Mr. John J. Fowler was that the supply is from some valuable fish pond in the up-country, which was probably broken by the recent heavy rains.

Some of the more ardent devotees of the rod and line are asking: "Will they bite to-day?"

They Stoned a Chinaman.

The antipathy of a Chinaman for a negro is proverbial. Friday night Walter Guion and Alex Holmes, colored youths, persisted in standing at the window of Lum Parmele Hee, who runs a laundry on Market near Second street. The presence of the negroes irritated the Chinaman about his "washee washee," and he drove them away. The colored boys retaliated by throwing stones at the irate son of the Orient, whereupon he had them arrested. In the police court yesterday there was a babel of negro and Chinese tongue, out of which Mayor Waddell interpreted enough to order that the tormentors of Lum Parmele Hee and E. Wing, his partner, be required to pay the costs and their fathers to administer a sound thrashing. John Davis, for disorderly conduct on Seventh street, was fined $5 and costs.

Federal Prisoners Want Holiday.

Eight men sentenced to jail for sixty days in the United States Court have petitioned Judge Thos. R. Purnell to give them a holiday on the Fourth of July. These men are in the Columbus county jail at Whiteville and their communication was received by Marshal H. C. Dockery Friday night. The petition sets forth that the Fourth of July was intended for all the citizens and they want their freedom on that day so that they may properly join in the celebration. The paper concludes with this sentence, "We hears that there is to be a Republican speaking then and we is all good Republicans."

The Central Fire Station.

Mr. Z. E. Murrell, chairman of the Public Building Committee, calls for bids in another column for the central fire station to be erected on the present site of the chemical engine quarters. The plans were drawn some time ago by Mr. Charles McMillen, the architect, and details of the same were given in these columns at the time. It now may be regarded as a certainty that the central station will be built. Bids will be received until July 5th and the committee reserves the right to reject any or all that maybe submitted.

[*Special Star Telegram.*]

DURHAM, N. C., June 21.—Durham won to-day's game in the sixth inning. In the first half of the fifth the locals made one run and when Wilmington came up for her half of that inning, she crossed the plate for five earned runs. These were the only runs made by the visiting team. Durham's eight runs came in the fifth, sixth and ninth. One run in the fifth was followed by five in the sixth and two more in the ninth. Durham played an errorless game and Wilmington had three to her credit. Vetter, the new pitcher, was in the box for Durham for the first time. He has wonderful speed and good curves, with the exception of the fifth, when he lost control for a short time, he showed in good form.

In the fourth inning a fly went over the short stop and McGinnis and Lawson both stood and looked at each other while the ball went to the ground. When the inning was over and the men were coming in McGinnis and Lawson got into a "scrap" They were parted and then had another round.

The two men would have been put out of the game but there was no one to take their places and the umpire did not want to stop the game.

Several of the Wilmington men are suffering from sprained ankles and this crippled the team. Fisher, of the visitors, played a magnificent game. He saved a number of wild pitches, not only to-day but during the time that the team has been here, by making pretty stops.

How Many Games Will the Charlotte Hornets Win?

— Eight to five. That's better than a shet-out, anyhow.

— Fisher, Dommel and Holland each made a two-base hit.

— Fisher, the STAR special shows, played a magnificent game.

— Shall we take one, or two, out of three from the Charlotte Hornets.

— Wilmington plays three games at Charlotte, beginning to-morrow.

— Wilmington made five earned runs in one inning, but that was the sum total.

— Three games at Durham. And the Bulls came out at the big end of the horn every time.

— Don't forget the game between the Benedicts and the Bachelors scheduled for Tuesday afternoon.

— The horse editor lost twenty cents on the game yesterday. He has filed a petition in voluntary bankruptcy.

—Well, we'll see what can be done to the Durham Shorthorns at Hilton Park the three last days of this week.

— As if Wilmington did not have beats enough already, John Blomme brought in 34 beats for the horse editor last night.

— Raleigh beat Charlotte yesterday. But that's nothing. The rejuvenated did that, right here in this ballwick, last Saturday.

— The STAR'S Durham correspondent says: "Several of the Wilmington men are suffering from sprained ankles, and this crippled the team."

THE FINE ITALIAN HAND OF MANAGER ASHENBACK.

Seeking to Sell the Charlotte Team to Chattanooga, of the Southern League—The Tennesseeans Anxious.

The following from the Chattanooga *News* of last week is of vital interest to the North Carolina Baseball League and will be read with avidity by the cranks here:

"Chattanooga may have a new ball team. Such are the negotiations now under way between the local management and the manager of a swift ball team in North Carolina. The various rumors which have been afloat on the streets on account of the matter have caused considerable talk among the baseball men, and not a few have stated that they are very much gratified at the prospective change in the personnel of the ball team. About a week ago the local association received a communication from Eddie Ashenback of the Charlotte (N. C.) team. The team is composed of some of the fastest and all round good players in the South. The only objections presenting themselves to the association were the fact the manager wanted too much for the men. One of the strongest arguments which induced the association to consider the matter was the fact that Ashenback's team has won twenty-three consecutive games, and on account of that fact has nearly broken up the North Carolina League. The Association has had the matter under consideration for some time, and a few days ago Percy Loomis, the president of the local baseball association, left for Charlotte for the purpose of investigating the team. It is understood among the baseball people in the city that a deal will be made by which a manager and seven players are to be secured. This will be an excellent thing for the local club, as they have scarcely done a thing with the material on hand. In case the team secures the new players the local club will have an excellent chance to come out at the end of the season far at the top of the league. It will be remembered that last season New Orleans had a losing team and was near the bottom of the ladder for months, then strengthening the team, rose rapidly and came near beating the Fishermen out of the pennant. This will be the story in case Chattanooga can secure the additions to the team. While the chances of securing the whole lot are good, yet Chattanooga cannot afford to pay any fancy prices for the Tarheels, but in case the negotiations fail to carry, the management will attempt to purchase a few of the players."

THEY WILL KNOW JUNE 30TH.

Plant System Employes at Midnight of That Day Will Stay With the Coast Line.

[*Savannah News*, 21st.]

Ten days from to-day the formal transfer of the Plant Railway System to the Atlantic Coast Line will have been made and the several hundred employes of the Plant System will know whether they are to hold their places under the consolidation. At the meeting of the Atlantic Coast Line directors in Richmond this week, the following resolution was adopted:

That it is hereby declared that the employes of the Savannah, Florida and Western Railway who are in employment at midnight on the 30th day of June, 1902, will be employes of the Atlantic Coast Line Railroad Company when it assumes the operation of the Savannah, Florida and Western Railway.

This action was in accord with the statement given out by Vice President Walters and printed last Monday. Whatever changes are to be made, therefore, will be made during next week or on the Monday following, which is the last day of the month. Some of the leading officials of the Plant System have been notified that they will be retained in the consolidation and others do not know where they are to land. Some of the offices and positions will, of course, be abolished and others will be created.

New Uniforms For Firemen.

The new uniforms for the firemen were received through the Fishblate Clothing Company yesterday and all were fitted during the day. Chief Schnibben says the laddies never had uniforms that fitted or gave more general satisfaction. They are of the famous Strouse Brothers' manufacture and the contract for them was awarded some time ago.

Mr. Horsfield's Vacation.

Rev. Frederick H. T. Horsfield, the popular rector of St. James' parish, this city, will leave to-morrow morning for a well-earned vacation, which he will spend at his old home in Cambridge, New York. Mr. Horsfield will be away until the middle of July.

Saturday Night Offenders.

The "Black Maria," as the police patrol wagon is commonly called, was on the move last night and as a result a large number of offenders will greet the Mayor to-morrow noon. Charley Hall, colored, was picked up by Police Sergeant C. S. Burnett early in the night at Second and Princess streets and was held on the charge of burglarizing Mr. J. W. Plummer's store Thursday night. "Bis" Lucas, colored, was placed "in the toils" by Policeman E. J. Grimsley, charged with the larceny ten days ago of $13 from the person of Pat McIntyre, white. Wiley Mazingo, white, was arrested on a charge of the larceny of a fish trap from J. E. George. William Howe and William Weston, colored, were corralled by Policeman M. Jones, charged with an affray at Seventh and Chesnut streets. An Atlanta excursionist, who fell by the wayside on the wharf, was given lodging for the night and over Sunday.

DENTAL SOCIETY ADJOURNS.

Officers Elected for Ensuing Year—Wake County Primaries.

[*Special Star Telegram.*]

RALEIGH, N. C., June 21.—The North Carolina Dental Society adjourned to meet next year in Winston. Officers were elected as follows: President, J. H. Benton, Newbern; First Vice President, J. R. Osborne, Shelby; Second Vice President, L. D. James, Greenville; Secretary, J. Martin Fleming, Raleigh; Treasurer, R. M. Murrell, Burlington; Essayist, F. L. Hunt, Asheville. R. H. Jones, of Winston, was elected delegate to the National Association of Dental Examiners.

The Wake county primaries were held to-day, but were very poorly attended in Raleigh township. Returns are in from very few country precincts. In Raleigh, Brown and Connor are right evenly divided and very few wards give expression as to Chief Justice. About two-thirds of those expressing preference are for Clark.

River Excursion Tuesday.

Tuesday the Sunday School of Brooklyn Baptist church will give an excursion to Carolina Beach. There will be a good time for all and an abundance of refreshments. Three boats, one leaving the city at 9 o'clock in the morning and the others at 2:45 and 5:15 o'clock in the afternoon, will give ample opportunity for the public to participate in the outing.

THE CLYDE STEAMSHIP CO.

Providence, New York, Wilmington, N. C., and Georgetown, S. C., Lines.

SPECIAL NOTICE.

Withdrawal Insured Bills of Lading.

Beg to advise that, effective Monday, June 16th, 1902, and until further notice, the Clyde Line has cancelled its cargo policies and will only move property entirely uninsured by the steamers it may operate between New York, Wilmington, N. C., and Georgetown, S. C., and subject to the terms of the contract embodied in the Bill of Lading, which clearly relieves the carrier from marine risk, including fire and other casualty, while on land or water.

We give the merchants this early notice in order to enable them to make such arrangements of their own as they may deem proper, to protect themselves against any losses for which, under the terms of the contract as embodied in the Bill of Lading, the carrier is in no way responsible. All property being entirely uninsured while in the possession of the Clyde Line shippers must arrange for their own insurance; however, if they desire to effect insurance under the open policies held by the Clyde Line, and which insurance must be endorsed on the Bills of Lading, they can do so at rate of twenty cents per one hundred dollars valuation.

WILMINGTON, N. C.

SUNDAY MORNING, JUNE 22.

DEFYING PUBLIC SENTIMENT.

It was predicted when the Cuban reciprocity bill was forced through the House of Representatives that it would never go through the Senate and that prediction has been verified. All the efforts to pass it even with some modifications, and all the efforts at compromise have failed and the sugar men have issued their ultimatum that the only proposition they will listen to is a "rebate" on Cuban products imported into this country, which practically means nothing, for if rebate is given to Cuban products imported into this country then Cuba would have to grant rebate on products of this country exported to Cuba, so that nobody would be the gainer by that but everybody interested would be more or less the loser.

There are seventeen Republican Senators who have formed a league against Cuban reciprocity, and two more are ready to join them if necessary. This defeats it unless the Republican Senators who favor reciprocity join the Democrats and vote for the repeal of the differential duty on refined sugars, and that they don't want to do.

It is said President Roosevelt has given up hope of carrying through such a measure as he would like to see but will not abandon his efforts to secure some concessions to Cuba, as he regards that as a duty, a duty to ourselves, in the discharge of our obligation to Cuba, and a duty to Cuba. In this he is simply following in the lines marked by his predecessor, who, as in the case of Porto Rico, held that we had a "plain duty" to perform towards Cuba. The protected interests turned the marble heart towards McKinley on the "plain duty" to Porto Rico, just as the protected interests are turning the cloven foot on Roosevelt on our "plain duty" to Cuba.

As in the case of Porto Rico when the representatives of the protected interests ignored Mr. McKinley and his "plain duty" injunctions there were a good many Republican organs which protested and scored the recreant statesmen, so now there are a good many of them which are scoring the violators of our pledges to Cuba and ignorers of our "plain duty" at the behest of a handful of men interested in industries that might be affected by fair play to Cuba and the observance of those pledges. One of them is the Philadelphia *Press*, edited by a member of Mr. McKinley's cabinet and an ex-member of Mr. Roosevelt's cabinet, which enters the following vigorous protest and cutting rebuke:

> If the measure of reciprocity with Cuba is to fail, as now seems probable, it will be a distinct blot on an otherwise glorious record and a plain defiance of overwhelming public sentiment.
>
> There can be no ground or excuse for misunderstanding the public feeling. It has been made clear through every possible channel of expression. The newspapers of all sections and all parties stand for Cuban reciprocity with extraordinary unanimity. Nothing but a public issue of the clearest and most commanding character ever evokes such exceptional and emphatic agreement. Even the newspapers of the regions which are claimed to have adverse interests and and whose Senators are hostile are for the most part in accord with the national sentiment. Every State convention held since the question became prominent has spoken for reciprocity in explicit terms. The sentiment of the country cannot be mistaken.
>
> And it is thus strong and unequivocal because the national duty is so plain that it commands instant and universal assent. We are pledged by every consideration of plighed faith and public policy and even self-interest to grant commercial concessions to Cuba. We insisted in the Platt amendment that Cuba must treat the United States as standing on a different footing from any other country. We exacted rights, privileges and powers which are altogether exceptional in the relations of nations and which give us peculiar authority and advantage. When the Cuban representatives came to Washington last year to understand the import of this exaction, our Government practically pledged itself to give them commercial advantages in return. It will be to our lasting discredit if that obligation of honor shall be disregarded.
>
> "But even if we had given no such implied pledge the mandate of duty would still be plain. Four years ago we accepted a high mission of humanity for Cuba. We accepted war to rescue her from the tyranny of the oppressor. We made her free. We established her as an independent nation. But in the loss of old markets and in the new situation her economic position is such that her salvation depends on the American market. We break our chain of help in its most vital link if we fail now to grant the commercial concession which is indispensable to her prosperity. Beyond that, we add fatuity to faithlessness—we are as blind to our own interest as to hers. It is not proposed to grant concessions in return. It is to be reciprocal. Our market will give Cuba prosperity, and Cuban prosperity will make an increasing market for American products.
>
> All this is so obvious that it is difficult to understand how fair-minded men can disregard it. Public duty, political policy and commercial interest all concur in enforcing the obligation of reciprocity with Cuba, and those who defeat it are taking a heavy responsibility.

This will have about as much effect on the opponents of reciprocity with Cuba as the protests and rebukes by the more honest of the Republican organs had on the men who combined against and defeated reciprocity with Porto Rico, in favor of which Mr. McKinley had spoken so earnestly and appealingly. It is, as the *Press* declares, "defying public sentiment," but what do the beneficiaries of protection care for public sentiment, or when have they ever shown any regard for it, unless they thought there was policy in so doing, and that they might gain more by yielding to public sentiment than they could by opposingit? They have been appealed to on this line since the reciprocity question has come up, and been reminded that they are running the risk, by defying public sentiment, of having reciprocity on different lines and tariff reduction that will cut much deeper than would be done now and practically wipe out all the protection they have, but these appeals have fallen on men who are as deaf as bronze statues, whose eyes will see nothing but the interests they represent. With them consideration for Cuba or respect for the obligations we have incurred mean nothing when put in the scales against the privileges they enjoy under the Dingley tariff and the monopoly it gives them of the home market, which enables them to practice extortion on the American people. Such men never care for public sentiment. The public is their soft snap, from which they squeeze all the profit they consider it safe to. They are simply privileged robbers who have neither scruples, souls nor conscience when it becomes a matter of dollars between them and the public. But what a commentary when the President of the United States and the Republican party are held up and ordered to take terms from a handful of petted, pampered, buccaneer barons who run the sugar business, levy tribute on the American people, and sneer at Cuba and those who plead for justice to her.

SORDID AND SECTIONAL.

The Republican leaders, who are placed in a very embarrassing position by the opposition to reciprocity with Cuba, have vainly endeavored to come to some understanding to secure the consent of the beet sugar manufacturers to some concessions to Cuba. But the sugar men are obstinate, refuse to make any concessions by which the duty on sugar coming from Cuba into this country would be lowered. They claim that their industry is one of the "infants" that needs and is entitled to protection and they have the cheek to assert that the protection is not for them but for the farmers who grow the beets which they use. They are playing the old fake on the farmer which the protectionists have been playing all along, trying to make him believe that they are looking to his interests and protecting him when as a matter of fact he gets no protection at all, and if he does pays ten times as much for it as he gets out of it.

In his appeal to the beet sugar men in the conference of Republican Senators, held Friday, Senator Aldrich called their attention to the fact that they now have 100 per cent. protection, and that with the proposed concession to Cuba they would still have 80 per cent., which he thought ought to be ample and satisfactory to them. But it isn't satisfactory, and no reduction whatever will be.

It may be noted in this connection what a little figure cane sugar cuts in this controversy. The cane growers and cane sugar makers are interested as well and as much so as the beet growers and the beet sugar manufacturers, and yet they are apparently lost sight of, and the fight is waged by the beet sugar men. It is these that are blocking the way and that such earnest efforts are being made to placate.

It so happens that the beet sugar industry is a Northern one while the cane sugar industry is a Southern one and that with the Republican tariff makers and reciprocity promoters makes all the difference in the world. The few States in the North and the West in which beet sugar factories have been established are Republican States and that is why they are allowed to dictate, and why the Republican statesmen are so anxious to placate them, so that sectionalism figures in this as it has in all Republican tariff legislation. If Southern industries only were involved reciprocity would be run through with scarcely the formality of a debate.

It is said that King Edward has decided to pardon Mrs. Maybrick, who has been for a number of years in prison under life sentence, on a charge of having poisoned her husband. Mrs. Maybrick was a Mobile girl who married Mr. Maybrick, a wealthy man, but much older than she. The evidence upon which she was convicted was altogether circumstantial and not very strong at that. During the life of Queen Victoria many efforts were made to secure her pardon, but Victoria was immovable.

England will not buy any cattle from Louisiana to stock the Boer farms. This is to spite Louisiana because her Governor objected to that "recruiting station." When she gets in another war she may need some more mules and then Louisiana can get even.

"ACUTE DISCONTENT."

Discussing the industrial situation the Springfield *Republican* remarks that "the working classes are in quite as acute state of discontent as they ever were." Considering the number of strikes now on in the country, and the magnitude of some of them, it wouldn't be out of the way to say that the "acute state of discontent" is greater than it ever was before. And yet this is the much boasted era of prosperity.

It is asserted by the defenders of present economic policies, trusts, combines, etc., that the wages of the workman have been steadily increasing and that therefore he is better off and has less reason to complain than he had in the past. This is nominally true. Wages have advanced, but so have other things, and other things have advanced more than wages. The New York *Financial Chronicle* presents the following table showing the production per capita and wages from 1850 to 1900, which is interesting, and serves to some extent to account for the "acute state of discontent," of which the Springfield *Republican* speaks:

	Gross product per wage earner.	Avereage wage per person.
1900	$2,451	$438
1890	2,204	445
1880	1,965	347
1870	2,060	377
1860	1,438	289
1850	1,065	247

Run through this table and it will be seen that while wages have increased production has increased more in proportion, and therefore the workman is not so well paid as he was years ago. He could buy more for his wages in the past than he can now, and therefore was that much better paid and that much better off. We know the fact that within the past few years, while there has been but a trifling increase in the wages of some workmen, none in others, and a reduction in others, the increase in the cost of living is thirty per cent. more. There may be "prosperity," but the workers who produce it are not in it. It isn't hard for him who takes an honest view of the situation in the industrial field to account for the "acute state of discontent."

CURRENT COMMENT

—— This time the Pennsylvania Republicans desire it to be understood that they are "unqualifiedly" in favor of honest elections. So it appears that in the past they have been guilty of a little dissembling on that question.—*Washington Post, Ind.*

—— Secretary of War Root assumes responsibility for the payment of money to Gen. Gomez and openly justifies that course. President Palma, however, does not seem to think it was so justifiable, as he hastened to deny that he was implicated in it.—*Louisville Courier-Journal, Dem.*

—— About 75,000,000 acres of arid lands are to be reclaimed and made to blossom as the rose under the provisions of the recently enacted Irrigation bill. The job will cost from $5 to $10 per acre, which, according to the eager advocates of the measure, will be paid by settlers not by the Government. Since the land to be irrigated will belong chiefly to land grant railroads, it is not easy at first sight to discern where the settler comes in as a reimbursing agent.—*Philadelphia Record, Dem.*

——It may be there is some truth in the Secretary's declaration of "peace from Luzon to the southern extremity of the Sulu archipelago." At least we note that certain syndicates are now vociferous in their demands for land in the Philippines, and the Secretary recommends that Congress bow to them. Of course these syndicates would "hasten development," but the West knows how dearly the price for time is paid. Certain politicians think it sinful that Congress restricts the sale of public lands to homesteads, and we know it would be "desirable" to form great plantations with coolie labor, but is this the way to "Americanize" the islands?—*Jacksonville Times-Union, Dem.*

WHEN FATHER KINDLES THE FIRES.

WADE WHIPPLE

When father, mornings, makes the fire—
For sometimes mother's sick—
We children run and climb a tree
All on the double-quick;
And though we climb up to the top,
We wish the tree was higher,
For chips just scatter everywhere
When father makes the fire.

We always know when it's his turn,
'Cause 'fore he comes down stairs
He rips out words that sound just like
Our iceman when he swears,
And cats and dogs and hens and geese
From out his path retire,
And scat 'way out to our back lot
When father makes the fire.

Then 'fore he gives the kitchen stove
A rakin', like as not,
He kicks the scuttle 'cross the floor
And breaks the coffee-pot,
And when he takes the ashes out
The fates and him conspire,
To sift them on the table-cloth—
When father makes the fire.

They say that war is terrible,
And plagues and pestilence,
And that they bring to sons of men
Great suffering and expense.
But I'll just bet they can't compare
With woes that we acquire
When ma's away, or sick abed,
And father makes the fire.

SPIRITS TURPENTINE.

— Goldsboro *Argus*: The big ditch has gone dry and shade trees around town are dying every day for lack of rain. The oldest inhabitant, so it is said, does not remember when the bed of the big ditch was dry before. Yesterday morning there was only a small stream running and before night it had ceased altogether.

— Maxton *Scottish Chief*: County Coroner Ed McRae was called Tuesday to hold inquest over the remains of Arthur McArthur, the 14 year old son of Fortune McArthur, colored, who lives near Prospect Church, in the Croatan settlement, some eight miles east of Maxton. A jury was empaneled, and after an investigation rendered a verdict that the boy came to his death by a blow from a club inflicted by Walter Stackhouse, aged 16, also colored. Stackhouse was conveyed to jail at Lumberton by Deputy Sheriff T. L. Smith Wednesday.

— Scotland Neck *Commonwealth*: Saturday morning Mr. Sam Medford, son of Mr. Calvin Medford, who lives in Roseneath township, went to a neighbor's and left as if he were going back home. He never returned home and his absence was a mystery to his family until this morning, when he was found dead at the back of the field. When he left home he carried a double barrel gun and when found his head was partially blown off, one barrel of the gun empty and the other sprung and the gun lying across his body. It is not known whether it was an accident or whether it was suicide. He had been heard to threaten his own life about a love affair.

— Sanford *Express*: There are now eighteen Mormon missionaries in in North Carolina. They are not as active in this country as they were a few years ago. They had a church near Cameron some years ago of some thirty or forty members, but it has about died out. — It is an ill wind that blows no one good. Capt. W. J. Tally, superintendent of the Cumnock coal mines, tells Col. Olds that the strike of coal miners in other coal fields is proving a bonanza for the Cumnock mines. They have more orders on file than can be filled for months to come with the mine going at full capacity. One hundred additional miners were telegraphed for Friday.

— Fayetteville *Observer*: Major B. R. Huske has received word from the United States Patent Office that he has been granted a patent for his Vegetable Harvester. It is a simple but ingenious machine, principally for the cutting of lettuce. It is in the shape of a pitchfork, with a blade about two inches above the tines and a guard rail to hold the plant after it is cut. Major Huse has one in use now which he constructed himself out of a pitchfork more than a year ago, and it proved of such value that he decided to patent it —— J. H. McNeill, charged with an assault on Mary Fisher, of Rockfish, is again in jail, and his accuser is again free. It would take a "Philadelphia lawyer" to unravel the various ups and down in this case. McNeill was first arrested, charged with criminal assault on the woman. The magistrate at Hope Mill discharged McNeill and put the costs on the accuser. A new warrant was sworn out against McNeill and he was placed in jail and Mary Fisher discharged. Then the woman was arrested and the man discharged, and vice versa four times in the past several days. As it stands this afternoon the woman is in jail and the man is free. During the course of this play the husband of the woman also got in jail once or twice, on a charge of inciting false prosecution, but he is at liberty now.

Respect of Elders.

Respect of elders is the paralysis of the young. The young have a chance of clear vision, but in this blessed country they only see what their elders expect them to see, only think what their elders expect them to think. So they grow into elders who learn nothing with years but to save themselves the trouble of thinking. Listen to the grave talk of your elders, and you will hear hashed newspaper.—Julian Sturgis in "Stephen Calinari."

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 21.—The cotton market opened easy with prices unchanged to six points lower under a flurry of liquidation and eager bear selling, started by reports of general showers to light rains over Texas and a forecast for rains to-day over the dry districts of Mississippi, Alabama and Louisiana. There was little or no reaction after the call, the commision houses having some supporting orders and later news serving to confirm the early rain reports. Liverpool market news was quite bullish, noting an advance of ½ to 1 per cent. in futures, when practically no change was due or expected. Europe sent a few buying orders here but they were quickly filled up by room holders and the leading bear interests. Wall street was a liberal seller on the wet weather news as was the South and West. The crop reports as a rule were bearish, except those from Texas, where rain was said to be imperatively needed to save the crop. The *Chronicle's* weekly crop weather review failed to note actual damage to the Texas crops as a result of the dry weather, but indicated a critical stage in the developments. Southern spot market news was about a stand-off. Receipts at all points were a mere shadow of the movement for the same day last year and led to estimates for the week at the ports of 12,000 to 14,000 bales against nearly 70,000 bales the same week a year ago. The temperatures over the northern belt were exceptionally low, but this fact did not get special attention in local trade circles

CHICAGO, June 21.—Weather map argument was the pivot on which grain speculation swung to-day. But it was fair weather and the promise of more of it rather than the soaking rains that influenced wheat most of the week. In consequence wheat slipped down. Corn and oats had good arguments of their own to sustain prices, therefore, when July wheat closed ½@⅔c lower. July corn gained ⅛c and July oats stood ⅛c higher. Provisions gained much attention because of their strength and closed with net gains of 2½ to 7½@10c.

DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entitled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

How About That Tackle?

The blue birds are with us again. The streams and ponds are warming up. The fishermen should be looking up their outfits. Seeing if anything is wanted before the last minute.

As of old we are showing the finest things to tempt the fish kingdom and make the sport more sporty for the anglers.

Lines may be wanted; poles must be needed; hooks are very necessary, and in fact we have everything that is required to make a complete outfit.

To those that are interested in the sport, to those others that may not be so enthusiastic, we would consider it a favor to have all come in and look.

WILMINGTON, N. C.

SUNDAY MORNING, JUNE 22.

BATTLE WITH A DESPERADO.

Town Marshall in Jefferson, Iowa, Killed by Horace Shipman--The Latter Riddled With Bullets.

By Telegraph to the Morning Star.

JEFFERSON, IOWA., June 21.—One of the worst shooting affairs ever witnessed in this part of Iowa, took place early to-day, resulting from an attempt to arrest Horace Shipman on a peace warrant.

For some breach of the peace last evening a warrant was sworn out for Shipman and placed in the hands of Marshal John Swearden, for service. Dr. G. H. Grimmell, Shipman's family physician, went ahead of the marshal to attempt to have Shipman surrender peaceably. Shipman agreed to the proposition, but when Swearden and Deputy Sheriff Fred Kendall appeared at the door he warned them not to come in under penalty of death.

Swearden, undaunted, started to pull his revolver for the purpose of entering and Shipman fired a load of shot, striking the marshal in the lower part of the body, killing him instantly. Dr. Grimmell and the deputy beat a retreat, leaving the body of the marshal on the porch.

Sheriff Anderson immediately went to the scene of the shooting, deputising a hundred citizens to assist him. Hundreds of people gathered near Shipman's home and for three hours watched the battle. Five hundred shots were poured into the large two-story house, Shipman replying from windows, cellar-way and door. The fire company was called out and James May volunteered to put a hose in the cellar and drown Shipman out. May accomplished his work, but Shipman fired upon him from the cellar, causing him to retreat.

About 11 o'clock Shipman appeared at a window and fifty shots were fired at him. It then became quiet inside and Shipman's body was found on the floor full of bullets.

Only a high wind from a direction that would have carried the flames to town prevented the buildings from being fired.

GAYNOR AND GREENE.

Habeas Corpus Denied—Prisoners Remanded to Custody of Jailor.

By Telegraph to the Morning Star.

QUEBEC, June 21.—Judge Andrews to-day discharged the motion for contempt against Detective Carpenter and has remanded Messrs. Gaynor and Greene to Montreal in charge of the jailor of that city.

The judgment was a very elaborate one and concluded by rejecting the petitions for writs of certiorari; quashing the writs of habeas corpus and ordering that the prisoners be remanded to Jailor Vallee of Montreal, there to be dealt with, and ordering Sheriff Langelier to deliver both prisoners to the Montreal jailor.

COLORED CATHOLIC PRIEST.

Ordained by Cardinal Gibbons at the Cathedral in Baltimore.

By Telegraph to the Morning Star.

BALTIMORE, June 21.—Among the June ordinations which took place at the cathedral to-day, Cardinal Gibbons officiating, was that of J. Harry Dorsey, of this city, who is the second colored man to be ordained a Catholic priest in the United States.

Father Dorsey will celebrate his first mass to-morrow at St. Francis church. The first colored man to be ordained in the United States was Rev. C. R. Uncles, who was raised to the priesthood at the cathedral in 1891.

MURDERED WHILE ASLEEP.

James Gallagher Shot to Death at His Home in Iowa.

By Telegraph to the Morning Star.

DES MOINES, Ia., June 21.—The home of James Gallagher, at River Junction, was visited by unknown parties last night. Gallagher was murdered while he was asleep. The assassin reached over two children who were sleeping with Mr. and Mrs. Gallagher, placed the weapon at Gallagher's ear and fired. Mrs. Gallagher was chloroformed and when she awakened the murderer had gone. Bloodhounds will be placed on the trail.

BUCKROE BEACH HOTEL.

A Fire That Caused Little Damage--Panic Happily Averted.

By Telegraph to the Morning Star.

NEWPORT NEWS, VA., June 21.—Flames, originating from a defective flue, burst from the kitchen of the Buckroe Beach Hotel, at Buckroe Beach, to-night, while 800 people were witnessing a performance by the Boston Ideal Opera Company, in the Rex Casino Theatre, adjoining. The coolness of the hotel employes reassured the 200 guests in the hotel and the crowd in the theatre, averting a panic. The damage loss is less that $50.

PHILIPPINE CIVIL GOVERNMENT BILL.

Debated in the House of Representatives All Day and Again at Night.

MILITARY ACADEMY BILL.

Action of House Conferees in Agreeing to the Increase in Number of Cadets at West Point Sharply Criticised by Hay of Virginia.

By Telegraph to the Morning Star.

WASHINGTON, June 21.—Debate upon the Philippine Civil Government bill lagged in the House to-day. There were seven speakers, Messrs. Reeves of Illinois and Bromwell of Ohio for the bill, and Messrs. Maddox of Georgia, Dinsmore of Arkansas and Thayer of Massachusetts against it. Mr. McClellan of New York, a son of the late George B. McClellan, delivered a short but eloquent defence of the army. Earlier in the day the conference reports on the Military Academy and Sundry Civil appropriation bills were adopted.

Mr. Hay of Virginia, Mr. Clayton of Alabama and Mr. Mann of Illinois, criticised the action of the House conferees in agreeing to the increase in the number of cadets at West Point proposed by the Senate. Mr. Mann said that recently the number of the cadets had increased one hundred. The increased membership of the House would still further increase the cadets thirty, and now it was proposed to increase that number still more. He did not believe we should legislate in the direction of a great increase in the standing army.

Mr. Clayton called attention to the fact that the army, which cost annually $28,000,000 before the Spanish war, now costs annually $125,000,000.

Mr. Hull and Mr. Parker, of New Jersey, defended the conference report, arguing that the increase was necessary in order properly to officer the army.

In the discussion of the Philippine bill Mr. Reeves contrasted the condition of the Filipinos under the Spanish regime with their condition now, and with what it might be expected to be in the future. He used a wealth of statistics to show that our great market in the future must be in the Orient, and that our position at the gateway of the East would be of immeasurable advantage to us.

Mr. Maddox of Georgia who followed Mr. Reeves, opposed the bill. The question of whether we were to permanently retain the Philippines, he said, would be ultimately decided not by Congress, but by the American people.

"God was with us during the war with Spain," he continued, "but when we entered into the peace negotiations the devil stepped in, and he has been running things ever since."

Mr. Maddox questioned Secretary Root's figures as to the cost of the war in the Philippines.

At the evening session Messrs. Palmer, Republican, of Pennsylvania, and Currier, Republican, of New Hampshire, spoke for the Philippine bill, and Messrs. Conry, Democrat, of Massachusetts, Snodgrass, Democrat, of Tennessee, and Greene, Democrat, of Pennsylvania, against it.

The House adjourned at 10:30.

ANTHRACITE COAL MINERS.

Sixth Week of the Strike Ends Without Incident—President Mitchell to Issue a Statement.

By Telegraph to the Morning Star

WILKESBARRE, PA., June 21.—The anthracite mine workers' strike rounded out its sixth week to-day without incident. The strike of 1900, when the men won a 10 per cent. increase, lasted exactly six weeks. In that struggle the lives of several persons were sacrificed, but in this strike the worst that has happened was the shooting of a boy two weeks ago, who is now slowly recovering.

President Mitchell held a conference with District Presidents Nicholls, Duffy, and Fahy this afternoon. District matters were discussed. Among the business considered was the public statement which Mr. Mitchell will issue to-morrow night for publication in Monday morning's newspapers. It is understood to be a reply to the operators' letters, published ten days ago. It will be a complete review of the miners' side of the controversy. The statement will probably show the alleged relationship between the hard coal carrying roads and the large companies, and will try to show that while coal has been advanced the rate of wages paid to the miners has not kept pace with the increase. Nothing developed at strike headquarters to-day bearing upon the question of involving the bituminous men in the anthracite strike.

BOILER MAKERS' STRIKE.

Over Five Hundred Men Discharged by the Union Pacific Railroad.

By Telegraph to the Morning Star.

OMAHA, NEB., June 21.—The strike situation on the Union Pacific took a more serious aspect to-day than it has assumed at any time since the difficulty began. Five hundred and twenty-five shopmen were given their discharge as a direct result of the strike of the boiler makers and were told by the railroad officials that the wholesale discharge was caused by the lack of work, resultant from the walkout of Wednesday. Of this number 225 were employed in the local shops, 100 at Armstrong, Kas., and 200 at the Cheyenne shops.

President McNeill, of the Boilermakers International Union, and Grand Organizer McLean, of the Federation of Labor, will meet the strikers, the machinists and their sympathizers to-morrow to determine on future action.

CUBAN RECIPROCITY.

President Roosevelt Determined to Secure It If Possible.

By Telegraph to the Morning Star.

WASHINGTON, June 21.—The President to-day discussed the Cuban reciprocity question with several members of Congress. His callers included Senators Allison, Foraker, Proctor and Beveridge and Representative Long of Kansas. They called at different times, but all touched upon the success of Cuban reciprocity. From a source close to the President it is learned that he still is firm for reciprocity. If this cannot be accomplished by a bill he will attempt to secure it by a treaty. This treaty may be sent to the Senate soon or the President may call an extra session of the Senate for the middle of Summer or for November. He is determined to secure reciprocity for Cuba if possible.

THE CITY OF LONDON IS GAY WITH DECORATIONS.

A Brisk Business at Lloyd's in the Coronation Gamble—Americans Join in the General Jubilation.

By Cable to the Morning Star.

LONDON, June 21.—A brisk business was done this week at Lloyds in the coronation gamble. The odds given were 100 to 3 against the event occurring, or, to use the technical expression, the rates on the risk of the King living until June 26th ruled at 3 per cent. premium. Many thousands of pounds sterling were underwritten on this basis.

This shows to what extent public nervousness has grown in certain circles. Careful investigation shows that there is no ground for believing that the King's health is any worse than the official reports indicated. His nerves were rather upset by the unfortunate illness at Aldershot, and every precaution is being taken to prevent a recurrence of such a sudden indisposition.

In the meantime, preparations for the crowning hurry on apace. It is already difficult for pedestrians to traverse the main thoroughfares during the greater part of the day, and they are almost impassable at night, owing to the crowds of visitors, with which store clerks, costers, and London's marvellous floating population generally mingle nightly as they wander along through the streets, gazing at the vast decorations which are now taking on a finished aspect. Such illuminations, festooning and beflagging as will mark coronation day, Thursday next, have never before been seen in London. Scarcely a house along the principal parts of the route of the procession but has erected an electric or gas service, while a profusion of gay cloths and flags, interspersed with mottoes and representations of the royal arms already hide most of the outer walls. Some of the streets are already roped with dazzling festoons of fairy lamps. Even the abused stands, which for weeks have made London so hideous with their bare boards, are now rapidly being draped in rich purple or other suitable colors. The United States embassy has joined in the general jubilation and is erecting an illumination surmounted by a crown. Throughout the American firms and individuals are not a whit behind the British in decorating their premises. Countless stars and stripes will fly out of the windows on Thursday and Friday as a welcome to the newly crowned king. In fact, some of the most elaborate displays of the metropolis will be by American firms, doing business here.

THE CHICAGO DERBY.

Won by the Game Colt Wyeth—Heno, the Favorite, Failed to Finish Inside the Limit.

By Telegraph to the Morning Star.

CHICAGO, June 21.—Coming with a sweeping stride through the stretch, the game colt Wyeth won his first Derby and upheld the traditions of the race by the overthrow of the favorites, and by the Western horses, the favorites being the best that could be sent from the East. There is no room for argument about the best horse winning. The race was cleanly run and truly won.

Heno, the heavily played Eastern colt, who went to the post the favorite at 2½ to 1, failed to finish inside the limit and Pentecost and Arsenal ran a terribly disappointing race.

The story of the race is soon told. At the start Otis and Heno at once showed in front with Wyeth last.

When half the distance of the race had been completed Heno and Otis still held a commanding lead, and showed no signs of retiring. Bullman seemed to think the time had come for him to make make his run with Heno. It was a poor piece of jockeyship. Heno, when let down, drew away from Otis and went around the far turn increasing his lead until fully three lengths in advance. As they rushed round the last turn into the straight run for home, Heno still had first place but it was costing him an effort. With a furlong still to run, Lyne made his move on Wyeth. He set the colt down and the Son of Wadsworth and Fonsie came away past the leaders with little effort, passing under the wire a comfortable winner by two lengths.

PATERSON SILK MILLS.

Employes Decide Not to Return to Work Until the Militia Is Withdrawn.

By Telegraph to the Morning Star.

PATERSON, N. J., June 21.—A meeting of all the trades unions connected with the silk industry in this place was held late to-day. It was decided not to go to work again in the mills until the militia had been withdrawn from the city. No formal strike was inaugurated, but the matter was left in the above shape. In addition to this the unions decided to send a committee to the mill owners on Monday to ask them to submit the difference which exist between the owners and the dyers' helpers to arbitration.

The city officials decided to-night to post the militia at the mills to-night and keep them there until all trouble was past.

REFUSED WRIT OF ERROR.

Negro Murderer Will Be Hanged at Wytheville, Va., in July

By Telegraph to the Morning star.

ROANOKE, VA., June 21.—A special to the Roanoke *Times* from Wytheville, says:

The Supreme Court to-day refused a writ of error in the case of Robert Foy vs. Commonwealth.

Foy is the negro who murdered Dayton Miller, treasurer of the Virginia Iron, Coal and Coke Co., at George, Wise county, last Winter. He was tried twice. The first trial resulted in a hung jury; the second trial terminated in a verdict of murder in the first degree. After being sentenced, Foy with some other prisoners broke jail, but Foy was afterwards caught. He will be hanged in July.

CATTLE RAISING.

Chicago Packers Propose to Develop the Industry in Southern States.

By Telegraph to the Morning Star.

CHICAGO, June 21.—Plans that were first taken into consideration about a year ago have been developed in the last few months to the point where some of the great packing establishments in Chicago have begun experiments on what may prove a revolution of the cattle industry of this country, says the *Inter-Ocean*. The project involves the settlement of several hundred thousand acres of what is at present nearly valueless land in northern and northwestern Florida and southern Alabama, the cultivation on a large scale of the cassava root, and its use in feeding cattle and hogs. If the plan fully develops the Southern States will become the centre of the cattle raising industry.

COAL MINERS IN WEST VIRGINIA.

No Acts of Violence by Strikers But the Military Are Still Waiting Orders.

PAY DAY IN POCAHONTAS.

Expected That Many of the Men Who Have Remained at Work Will Now Go Out—Prominent Strike Leaders Arrested.

By Telegraph to the Morning Star.

ROANOKE, VA., June 21.—To-day is the first general pay day of the miners in the Pocahontas coal fields since the strike began, and there is some conjecture as to the effect it will have upon the situation. According to advices received by the Norfolk and Western railway, no more men quit work yesterday and the output of coal was greater than on any previous day. A large falling off in the number of cars loaded is looked for to-day by the mine owners, and this loss may not be regained for several days. Pay day always has a demoralizing effect on the miners. It is expected that many of the men who have remained at work now will be induced by the strike agitators to go out. On the other hand, many of the strikers are without funds and it is thought may return to the operations next week. No acts of violence have been reported, and it is thought that the sheriffs of the different counties, with the aid of their deputies and the railroad and mine guards, will be able to control the situation without the aid of the militia. The Roanoke companies are still on waiting orders. It is said that other military companies are also under waiting orders.

Mother Jones Arrested.

CLARKSBURG, W. VA., June 21.—"Mother" Jones, Thomas Haggerty, William Morgan, Bernard Rice, Geo. Baron, Andrew Lascavash and William Blakeley, of the United Mine Workers, from different parts of the country, who were arrested here last night, were taken to Parkersburg by four deputy marshals and lodged in jail. The miners have leased a plot of ground at Clarksburg for the purpose of holding meetings, and will make the arrest their defence. The arrest was made under an injunction issued a few days ago by Judge Jackson Jones, of the United States Court. The amount of their bail has not been fixed, but the men were provided with sufficient funds to secure their own release. This is the first time that "Mother" Jones has been arrested, although she has been served with innumerable injunctions.

BLUEFIELD, W. VA., June 21.—To-day being pay day, and a half holiday, the loading of coal was below that of yesterday. The strikers expect a great many of the men who were paid off to-day will not return to work. A march is scheduled for to-morrow, which will form at Burk's Garden and go down the North Fork to Elkhorn, where a big meeting is scheduled to take place. Union men from all parts of the field will attend. The operators claim that more men will return to work Monday. The miners are quiet and it is reported that a great many are leaving the field.

Decide to Remain Firm.

CHARLESTON, W. VA., June 21.—The operators of the Kanawha field held a meeting here to-day and discussed the strike situation and decided to remain firm. No proposition from the miners was before them. Somewhat of a sensation was caused in the ranks of the strikers to-day when it was learned that C. L. Ayers, of Cleveland, representing Ohio mines, was here employing men to go to Ohio to work. Seventy-five men left to-day and one hundred are expected to leave Montgomery to-morrow.

An Exciting Demonstration.

SHENANDOAH, PA., June 21.—There was an exciting demonstration in the vicinity of the Lehigh Valley Coal Company's four collieries at Lost Creek, two miles from here, this afternoon. A mob of about 800 men and boys gathered at the place, threw stones, roughly handled several non-union men and clubbed a coal and iron policeman. The sheriff of Schuylkill county finally dispersed the crowd, without further violence. The crowd was attracted by the importation of new men to take the places of old workmen.

The Supreme Court of Louisiana has grantad a new trial to A. E. Batson, the young Missouri hired hand recently convicted at Lake Charles of murdering the Earl family. The new hearing was given on intricate technical grounds.

A Dallas, Texas, dispatch says that although portions of Texas have reported heavy rains within the past three days there has been no general relief from the long drought. Last night there was heavy rainfall at Houston, Galveston and other South Texas points.

Chairman S. F. Parott, of the Southeastern Freight Association, and R. L. Cheatham, of the Seaboard Air Line, who are among those indicted by the Federal grand jury in Atlanta for alleged violations of the interstate commerce act, filed bond yesterday for $1,000 each to appear for trial.

The transport Sherman, from Manilla, arrived at San Francisco yesterday. On board the Sherman are Major General Lloyd Wheaton and Brigadier General Simon Snyder, in addition to 580 men of the Sixth infantry, 560 men of the Nineteenth infantry, and 151 sick.

The weekly statement of the averages of the associated banks shows: Loans $889,015,100; increase $7,944,700. Deposits $950,952,600; increase $8,084,000. Circulation $31,350,100; decrease $60,700. Legal tenders $76,603,700; decrease $42,100. Specie $178,202,700; increase $919,000. Reserves, $249,896,400; increase $876,900.

Cornell won all three of the events in the Inter-Collegiate Amateur Association regatta, at Poughkeepsie, N. Y. The four-oared race was a bit of easy work for her, but in both the Freshman and 'Varsity eights, she was so closely pressed that she had to win them in the last half mile by a display of reserve force, which none of the other crews could bring to bear.

TWO CURIOUS BIRDS.

The Long Billed Avocet and the Black Necked Stilt.

There are two birds, more or less common in the central part of the United States and abundant in the far west, which occasionally stray eastward to the middle and north Atlantic coast and have been seen on Long Island. These are the American avocet and the black necked stilt, both of them sufficiently striking in appearance to attract immediate attention. The avocet is a slender creature, sixteen to eighteen inches from end of bill to tip of tail. Its wings and shoulders are black, the tail pearl gray. The rest of the plumage is white, changing to a chestnut brown on the neck and head. Such a combination of colors is noticeable enough, but when to this are added extraordinarily long blue legs and a very slender bill, comprising nearly a fourth of the bird's entire length and having a strong upward curve, a most fantastic object results.

Its actions are no less peculiar than its looks. Wading in shallow water, it bends forward so that the curve of the bill touches the bottom, and it swings it back and forth in unison with its advancing steps. The movement suggests a man swinging a scythe, the object being to discover with the very sensitive bill the food which the muddy bottom conceals.

The black necked stilt somewhat resembles the avocet, but its needle-like bill is perfectly straight and is not swung from side to side in walking. The length of its bill has led the western farmers to call it the lawyer. In alighting the stilt is as awkward as a boy just learning to walk on wooden stilts, and it seems to have fully as much difficulty in gaining its equilibrium, stumbling and tottering when it first alights.—New York Times.

No Use Being Captious.

"What's all this trash?" demanded the old man as he stumbled over a pile of stuff in the hall. "Great heavens! It seems that we've got two or three sets of harness and enough other stuff here to go into the ship chandlering business."

"There, pa," his wife replied, "don't be disagreeable. You were a boy once yourself, you know. That's Will's football uniform."—Chicago Record-Herald.

Wyeth won the American Derby yesterday at Chicago; Lucien Appleby was second; Aladdin third. Time, 2.40 1-5.
